

NEW PUPPY CLIENT QUESTIONNAIRE

Thank you for your interest in welcoming
one of our puppies into your home.

Owning a dog is a joyous and rewarding experience, but it's also a significant lifetime commitment that requires careful consideration and responsibility.

At Cuddlin' Corgis, we understand the importance of ensuring that our puppies are placed in loving and suitable homes where they will thrive.

This questionnaire is designed not only to get to know you better but also to assess your readiness and commitment to providing a nurturing and stable environment for a new furry family member.

By completing this questionnaire, you're not only helping us ensure the best possible match between you and our puppies but also demonstrating your dedication to their lifelong well-being.

Is everyone in your household in mutual agreement to bring home a puppy?

Have you owned a dog before? If so, please provide details.

Do you currently have any other pets? If yes, please specify the type, breed, and age of each pet.

How would you describe your household environment? (e.g., busy, quiet, with children)

Do you have a fenced yard or access to a suitable outdoor space for a puppy? If not, a proper fitting harness and leash is a must-have with Dachshunds and Corgis.

Do you have a playpen area to leave your puppy in while you are at work or temporarily away from the home? Dachshunds and Corgis need a safe, proper set up for when you cannot watch them.

If the unexpected happens and you can no longer keep your dog, we ask that you first reach out to us before making further plans. Are you aware that your new puppy can be your companion for the next 15 years? Are you in good health and able to provide a stable home for him or her?

Dachshunds and Corgis are **active** breeds. Are you able to meet the puppy's exercise and activity needs?

Dachshunds and Corgis are fantastic traveling partners and we encourage including them on your family vacations, weekend trips to the beach or mountains, ect. Are you ready to include your new puppy in your future plans?

Are you able to provide regular veterinary care, including vaccinations, deworming, and preventive treatments?

Are you prepared for other financial responsibilities associated with owning a puppy, including food, supplies and unexpected expenses should an emergency occur?

How do you plan to address any potential behavior challenges or training needs that may arise?
